

TERMS AND CONDITIONS OF THE SOLAR COMMUNITY FRIEND PLAN PROMOTION

What is the Solar Community Friend Plan?

The Solar Community Friend Plan is a promotion aimed at current customers who are part of a Solar Community by signing up for the Solar Service, and aimed at new customers who sign up on the recommendation of the former, through the website "[Solar communities - IBERDROLA](#)"

How long does the promotion last?

The promotion applies to online contract signed until 11:59 pm on 31/12/2024. IBERDROLA reserves the right to modify this term. If it is modified, notification will be published online.

Who can participate?

All natural persons, of legal age, who are part of a Solar Community and therefore have signed up for the Solar Service may participate in the promotion.

These customers (hereinafter, sponsor customers) may invite friends/relatives (hereinafter, sponsored customers) to join any of Iberdrola's Solar Communities through the following website ([Solar communities - IBERDROLA](#)).

In order to be able to sign up for the Solar Service with guaranteed savings, it is necessary that:

- The customer has an electricity contract with Iberdrola Clientes S.A.
- The address of the supply point is within 2,000 metres of a Solar Community.

The available Solar Communities can be viewed and their addresses can be entered by clicking on the following link [Solar communities - IBERDROLA](#).

IBERDROLA reserves the right to disqualify from the promotion any participant who deceives, alters or misuses the functioning and progress of said promotion. Similarly, any participant who, intentionally or not, compromises or harms the reputation of IBERDROLA, that of its customers, or of the other participants, will be disqualified. Excluded from this promotion are Current and retired employees of IBERDROLA Group companies, and of companies involved, directly or indirectly, in the handling of this promotion.

How can sponsor customers invite sponsored customers?

All they need to do is to give their Tax Id (NIF), passport or foreigner's ID (NIE) number to the sponsored customer so that the latter can give it to IBERDROLA when contracting their Customised Plan online.

What must the sponsored customer do?

The sponsored customer, once they have an electricity contract with Iberdrola Clientes must access the website: [Solar Communities - IBERDROLA](#) and during the signing up process and enter the Tax Id (NIF), passport or Foreign Person's ID Number (NIE) of the sponsor customer, in the "Solar Community Friend Plan" section

What incentive will they receive?

If the sponsored customer signs a contract, on registering it, they will receive:

- The sponsor customer, a discount of €20 for each sponsored customer who signs a contract, up to an overall maximum of €100 (the first 5 sponsored customers signing contracts) to be deducted from their next bill. If the sponsor customer has several contracts with Iberdrola, the discount will be applied to the contract with the highest value.

The sponsor customer is responsible for paying the taxes arising from the receipt of the incentive as a taxable capital gain in their annual income tax return. This incentive is not included among the capital gains that must be included in the annual summary form of withholdings and payments on account of personal income tax, so IBERDROLA will not make any withholdings or payments on account.

- The sponsored customer, a discount of €20 that will be deducted from their first bill.

Should the amount on their bill be less than the discount, the remaining amount will be deducted from subsequent bills until the total discount has been applied.
